A Great Producing Country.

What a great country is ours! In gold, in silver, in iron, in steel in copper, in coal mineral and in oil. The products of the United States in 1901 exceed those of any other country and in every instance, except possibly, copper surpass the country's record in any preceding year. The gold production of 1901 was valued at \$3,216,800, against \$79,171,000, in 1900, which was the highest record in gold production that the United States had ever made. The silver production of 1901 reached 59,659,788 ounces against 57,647,000 ounces, in 1900.

The damp weather has afforded an excellent opportunity for farmers below to strip out their crop of tobacco.

Bad Weather Predicted.

If the bright days that have largely prevailed, the first of January, cause any of our readers to think that the winter is ended, we warn them against acting upon such rash conclusion possibly they may have reason to change their minds before this issue of Word and Works reaches them. Have an eye of mercy for your live stock in the months of February and March.—Word and Works.

At St. Louis Exposition.

Kentucky has been asked to make a good showing at the Louisiana Purchase Exposition next year in St. Louis. A bill is now before the Legislature, providing for an appropriation of \$200,000 for a state building and exhibit. The State is being visited this week by a party of prominent citizens, all of whom formerly lived in Kentucky, for the purpose of arousing interest in the measure. These former Kentuckians who are on the scene of the big fair declare that their native State can not afford to go unrepresented during the centennial.

MILLIONS PUT TO WORK.

The wonderful activity of the new century is shown by an enormous demand for the world's best workers Dr. King's New Life Pills. For Constipation, Sick Headache, Biliousness, or any trouble of Stomach Liver or Kidneys they're unrivaled. Only 25c., at Clay City Lumber & Stave Co.

The Greatest Complainers.

The man who gets the fewest letters makes the most complaint to the post-master; the man who never had a good meal at home growls at the hotel accommodation the man who complains at most of his neighbors is the meanest of the lot; the church member who pays the least to the preacher finds the most fault and always complains of the bad management of the church; the man who never invests a dollar in town enterprises is the man who is always crying down public improvements; the loafer or no account workman is always to the

front in strikes and labor agitation, and the subscriber who is the slowest to pay his subscription finds the most fault to his paper.—Canton Roller Monthly.

A LEGACY OF THE GRIP.

Is often a rundown system. Weakness, nervousness, lack of appetite, energy ambition with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the splendid tonic blood purifier and regulator of Stomach, Liver and Kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system and restore to health and good spirits after an attack of Grip. If suffering try them. Only 50c. Perfect satisfaction guaranteed by Clay City Lumber & Stave Co.

Gold Found.

A special from Williamstown says: Specimens of gold ore, evidently just taken from the earth have been exhibited here by a few men who live in the Eagle Valley country. The ore is so rich in gold that, should it abound in any considerable quantity, there will be enough to make millionaires of every man woman and child in the Eagle Valley country.

Men who saw the gold-bearing ore, and who are competent judges of gold, say that it will pay out hundreds of dollars a ton. They refused to say where the ore was found, but it has leaked out that it was found on Eagle Creek, near the farm of Moses McCombs, close by a little home known as the Thornhill.

Now it is asserted that the noises came from parties who had long since discovered the rich gold mine and who did their work at night.

SAVED HER CHILD'S LIFE.

The local newspaper is the one thing by which strangers judge the size of a town and the ability of its business men, hence the paper that does not have the advertisement of every business in its town is forced to misrepresent it. The paper is a mirror that should reflect a true picture of the town and every business conducted therein.—Union Ledger.

The Kentucky Senate passed a bill to prevent the use of Paris green on tobacco and it is probable that it will be adopted by the House. If it becomes a law it is said the measure will greatly reduce the production of leaf tobacco in this State.

Gov. Shaw's alleged possession of twelve toes isn't wonderful. Nearly every politician has at least two faces.

It is difficult, if not absolutely impossible, to appreciate the full value of anything you have. It's dead easy when you haven't got it.

Kerr's Perfection—it beats all.

When your baby cries in church it is a poor little thing. When some one else's baby cries it is a nuisance.

Express pity for a man and immediately all the women who are present will scream: "Well, I feel sorrier for his wife."

If some men were as dishonest in their business as they are in their politics they would have a hard time dodging the sheriff.

A poor man who is a genius is dubbed a-jack-at-all-trades, and while the rich one is noted for his versatility.

A special from Toledo O., says: a Hugging Society, organized last week at Belle Center, O., is raising no end of disturbance there and at other points in the State.

It was first proposed as a joke by some fun-loving girls connected with the little village church but created so much excitement that the society was organized with B. C. Bates as President and Miss Idella Dennison as acting secretary. The society has proved is as follows:

Girls under 15 years of age, 15 cents for a hug of two minutes or 10 cents for a short squeeze; under 20 years 50 cents; from 20 to 25, 75 cents; schoolmarm, 40 c. other men's wives, \$1; old maids 3 cents and no limit.

The society has 43 members, and on Monday evening an up-to-date performance was given a long the schedule lines. Another is set for February 1. The older people of the church are up in arms.
